

InfoPrint product line: Production

Best of breed solutions for your production environment

InfoPrint Solutions Company™, a Ricoh-IBM® joint venture, was founded with the purpose of creating output solutions that solve complex business problems. Our comprehensive solutions can enable rapid-ROI results for companies of all sizes. Our customers rely on InfoPrint to help them maximize productivity and lower total cost of print through offerings that include:

- Professional services
- Integration expertise
- Printers
- Software
- Supplies
- Financing
- Strategic partnerships and third-party software
- Service and support up to 7x24x365

InfoPrint Solutions

Output system choices now are rarely as simple as choosing the right printer. Output can be a strategic business decision that contributes to top lines and bottom lines. That's why we offer solutions. Our strength in systems integration can minimize disruption, risk and complexity as your business grows and changes.

TransPromo

Add personalized promotional messages to transactional documents to drive incremental revenue, boost customer loyalty, strengthen your brand and lower mailing costs. Turn credit card statements, hotel bills and other customer communication pieces into powerful direct marketing media.

Print On Demand

Streamline production of short-run books, manuals, versioned textbooks and personalized marketing collateral using Web-to-print, variable data print capability, pre-press and makeready tools, and workflow software that enables comprehensive control of jobs and processes.

Automated Document Factory

Enable postal optimization and mailroom integrity in one or multiple sites with our vendor-neutral, closed-loop automation solution. Operate with a single view of the entire document production process from data creation to document composition and file submission to printing, finishing and shipping.

Direct Mail

Produce direct mail more efficiently with solutions that allow you to maintain high quality and lower cost. Automate postal sortation, merge or commingle like documents from different jobs and manage sorter operations. Centralized real-time job tracking and audit trails help eliminate bottlenecks and ensure mailroom integrity.

Production

InfoPrint continuous-form production printers are designed to deliver high quality, reliable throughput and low cost of print for transactional output, books, TransPromo, direct mail, MICR, in-sequence forms and more. InfoPrint monochrome and color printers are designed to fit entry-level office requirements to high volume print and mail operations.

InfoPrint 5000 color printing system

High-speed, high quality performance.

Choice of models with print speeds ranging from 209.9 feet/minute (64 meters/minute)¹ up to 419.8 feet/minute (128 meters/minute).¹

InfoPrint 4100

Advanced generation of digital publishing and transactional production printing extends the benchmark in print quality, performance and productivity

High speed at up to 330 linear ft/100.6 m per minute (1,440 2-up duplex letter impressions or 1,354 2-up A4 duplex impressions).¹

InfoPrint 4000 advanced function printing system

Stay competitive with every single print.

Print speeds (up to) 1002 IPM.¹ Print Quality Enhancement for sharper, clear text and images with 240/300 dpi or 480/600 dpi resolution.

InfoPrint 3000 advanced function printing system

A cost-effective, high quality, continuous forms printing system

Print speed up to 344 ipm two-up letter-size or 324 ipm two-up A4 in duplex mode.¹ High print quality— available with 480, 600 or 480/600 operator switchable resolutions.

InfoPrint 75 & InfoPrint 100 laser continuous form printers

High quality, low cost, compact laser continuous forms printers that provide document sequence integrity and high throughput.

Production speeds up to 154 IPM.¹ High quality 600 DPI output.
